Independent Auditors' Report

To the Board of Education Wilmington Community Unit School District 209U Wilmington, Illinois

We have audited the accompanying modified cash basis financial statements of the governmental activities and each major fund of Wilmington Community Unit School District 209U, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities and each major fund of Wilmington Community Unit School District 209U, as of June 30, 2021, and the respective changes in modified cash basis financial position thereof for the year then ended in accordance with the basis of accounting as described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Wilmington Community Unit School District 209U's basic financial statements. The Other Information, including Notes to Other Information, and the Supplementary Information, which are the responsibility of management, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements.

The combining and individual fund financial statements and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements, or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The IMRF, TRS, and THIS schedules and the Other Supplementary Information have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Comparative Information

We previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of Wilmington Community Unit School District 209U for the year ended June 30, 2020, which are presented in summary for comparative purposes with the accompanying financial statements. In our report dated October 19, 2020, we expressed unmodified opinions on the respective financial statements of the governmental activities and each major fund.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 13, 2021, on our consideration of the Wilmington Community Unit School District 209U's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Wilmington Community Unit School District 209U's internal control over financial reporting and compliance.

NOTES TO BASIC FINANCIAL STATEMENTS

Notes to Basic Financial Statements For the Year Ended June 30, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Wilmington Community Unit School District 209U (the "District") is a public educational agency operating under the applicable laws and regulations of the State of Illinois. It is governed by a seven-member Board of Education (the "Board") elected by registered voters of the District. The financial statements of the District have been prepared on a prescribed basis of accounting that demonstrates compliance with the cash basis and budget laws of the State of Illinois, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the District's accounting policies are described below.

Reporting Entity

The District has developed criteria to determine whether outside agencies with activities which benefit the citizens of the District, including joint agreements which serve pupils from numerous Districts, should be included within its financial reporting entity. Oversight responsibility is derived from the governmental unit's authority and includes, but is not limited to, financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, accountability for fiscal matters, scope of public services, and special financing relationships. There are no component units as defined above that are included in the District's reporting entity. The District is not included in any other governmental "reporting entity."

The District is a member of the Southern Will County Cooperative for Special Education (SOWIC), the Three Rivers Education for Employment System (TREES), and the Wilco Area Career Center (WILCO), along with other area school districts. The District's pupils benefit from programs administered under these joint agreements, and the District benefits from jointly administered grants and programming. The joint agreements undergo separate audits, and financial information is available at their offices. The SOWIC office is located at 1207 N. Larkin Ave., Joliet, Illinois. The TREES office is located at 214 N. Ottawa St., Suite 309, Joliet, Illinois. The WILCO office is located at 500 Wilco Blvd., Romeoville, Illinois.

A. Basis of Presentation

The District's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

<u>Government-wide Financial Statements</u>. The Statement of Net Position and Statement of Activities display information about the District as a whole. They include all funds of the reporting entity except for fiduciary funds. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange revenues.

Notes to Basic Financial Statements For the Year Ended June 30, 2021

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> - (Continued)

A. Basis of Presentation - (Continued)

The Statement of Net Position presents the financial condition of the governmental activities of the District at year-end. The Statement of Activities presents a comparison between direct expenditures and program revenues for each program or function of the District's governmental activities. Direct expenditures are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function.

Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the District, with certain limited exceptions. The comparison of direct expenditures with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

<u>Fund Financial Statements</u> During the year, the District segregates transactions related to certain District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the District at a more detailed level. The focus of governmental financial statements is on major funds. Each major fund is presented in a separate column. The fiduciary funds are reported by type.

B. Fund Accounting

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are summarized by providing a separate set of self-balancing accounts which include its assets, liabilities, fund equity, revenues, and expenditures, or expenses as appropriate. The District maintains individual funds required by the State of Illinois. These funds are grouped as required for reports filed with the Illinois State Board of Education.

District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. An emphasis is placed on major funds within the governmental category. A fund is considered major if it is the primary operating fund of the District or meets the following criteria:

- a. total assets, liabilities, revenues, or expenditures of that individual governmental fund are at least 10 percent of the corresponding total for all funds of that category or type, and
- b. total assets, liabilities, revenues, or expenditures of the individual governmental fund are at least 5 percent of the corresponding total for all governmental funds combined.

Notes to Basic Financial Statements For the Year Ended June 30, 2021

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> - (Continued)

B. Fund Accounting - (Continued)

There are two categories of funds utilized by the District: governmental and fiduciary.

<u>Governmental Funds</u> Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. The following are the District's major governmental funds:

General Fund - The General Fund, which consists of the Educational Fund, the Operations and Maintenance Fund, and the Working Cash Fund, is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund. Special Education taxes are included in the Educational Fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes. Major Special Revenue Funds include:

- Transportation Fund The Transportation Fund is used to account for the accumulation of property tax and grant revenues for the payment of transportation (busing) expenditures for the District.
- 2. Social Security & IMRF Fund The Social Security & IMRF Fund is used to account for the accumulation of property tax revenues for the payment of Social Security, Medicare, and Illinois Municipal Retirement Fund expenditures for the District.

Debt Service Funds - Debt Service Funds are used to account for the accumulation of financial resources for, and the payment of, general long-term debt principal, interest and related costs. The District has one debt service fund that is considered a major fund:

 Bond and Interest Fund - The Bond and Interest Fund is used to account for principal and interest related to long-term debt issued by the District. The fund balance in this fund is restricted for debt service related expenditures.

<u>Fiduciary Funds</u> - Fiduciary fund reporting focuses on net position and changes in net position. With the implementation of GASB 84, the District determined the student activity funds in the amount of \$367,242, previously reported as fiduciary funds to be presented in the general fund. Trust funds are used to account for assets held by the District under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the District's own programs. Custodial funds are custodial in nature (assets equal liabilities) and do not involve measurement of the results of operations. The District's only fiduciary funds are custodial funds which report resources that belong to various trust funds.

C. Measurement Focus and Basis of Accounting

Government-wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus and the modified cash basis of accounting. This means that only balances resulting from previous cash transactions are shown on the Statement of Net Position, with two modifications: capital assets net of related depreciation and long-term liabilities resulting from debt issuances are also included. The Statement of Activities presents increases (i.e. revenues) and decreases (i.e. expenditures) in total net position, with three modifications: capital acquisitions are not reported as disbursements but rather capitalized and shown as assets on the Statement of Net Position, depreciation expense is reported in the Statement of Activities and long-term debt principal payments are shown as a reduction of long-term liabilities on the Statement of Net Position rather than an expenditure on the Statement of Activities.

<u>Fund Financial Statements</u> All governmental funds are accounted for using the current financial resources measurement focus and the cash basis of accounting. This means that only current assets, liabilities and fund balances resulting from previous cash transactions are shown on the Statement of Assets, Liabilities and Fund Balance Arising from Cash Transactions. The Statement of Revenues Received, Expenditures Disbursed, and Changes in Fund Balances reports on the sources (i.e. revenues) and uses (i.e. expenditures). Revenues are recognized when cash is received. Expenditures are recognized when checks are written. Allocations of cost, such as depreciation, are not recognized in governmental funds. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

D. Cash, Cash Equivalents, and Investments

Cash and Cash Equivalents

For the purpose of financial reporting, "cash and cash equivalents" includes all demand and savings accounts and certificates of deposit or short-term investments with an original maturity of three months or less. Trust account investments in open-ended mutual funds are also considered cash equivalents.

To improve cash management, the District utilizes a pooled account. Monies for all funds, excluding fiduciary funds, are maintained in this pool. Individual fund integrity is maintained through District records. Interest in the pool is presented as "cash."

Investments

Investments are stated at cost which approximates market value. Gains or losses on the sale of investments are recognized upon realization. The institutions in which investments are made must be approved by the Board of Education. During the fiscal year, the District had no investments.

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> - (Continued)

E. Capital Assets

In the government-wide financial statements, capital assets arising from cash transactions are accounted for as assets in the Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if the actual cost is unavailable. Estimated historical cost was used to value the majority of the assets acquired prior to July 1, 2004. Assets acquired since July 1, 2004 are recorded at cost.

Capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The District maintains a capitalization threshold of five hundred dollars. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

Depreciation of all exhaustible capital assets arising from cash transactions is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is computed using the straight-line method over the following useful lives:

Description	Estimated Lives
Buildings	39-50 Years
Improvements	10-20 Years
Equipment	3-10 Years

F. Compensated Absences

Full-time certified employees are allowed to accrue 2 days of personal leave and 15 days of sick leave to a maximum of 340. Accumulated sick leave will be paid out upon retirement. Accumulated sick leave in excess of 340 days not used for the purpose of retirement will be paid at a rate of \$25 per day to be paid after retirement.

Support personnel are granted sick leave in varying amounts, depending upon length of service. Unused leave is allowed to accrue to a maximum of 240 days and will be paid out upon retirement. Support personnel are also granted vacation leave in varying amounts depending upon length of service. Unused vacation leave does not accumulate.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

G. Net Position

In the Government-wide financial statements net position represents the difference between assets and liabilities, and is displayed in three components:

1. Net Position invested in capital assets - consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of these assets. At June 30, 2021, net investment in capital assets consists of the following:

Capital assets, at cost	\$ 70,545,707
Less: Accumulated depreciation	(39,299,674)
Capital assets, net	31,246,033
Less: General obligation bonds	(26,022,267)
Net investment in capital asets	\$ 5,223,766

- 2. Restricted net position consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- 3. Unrestricted net position all other net position that does not meet the definition of "restricted" or "net investment in capital assets."

H. Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

I. Reclassifications

Certain prior year balances have been reclassified to conform to the current year presentation.

NOTE 2: <u>DEPOSITS</u>

The District is allowed to invest in securities as authorized by the <u>School Code of Illinois</u>, Chapter 85, Sections 902 and 906; and Chapter 122, Section 8-7 and limited by their own local ordinance. The District has adopted a formal written investment and cash management policy. The institution in which investments are made must be approved by the Board of Education. Currently, the District invests in Illinois Institutional Investors Trust, Illinois School District Liquid Asset Fund Plus, and certificates of deposit. These are reported on the financial statements as cash equivalents.

Custodial Credit Risk - the risk that in the event of bank failure, the District's deposits may not be returned to it. The District's custodial credit risk policy is included in a formal written investment and cash management policy.

Deposits consist of the following at June 30, 2021 (excluding Trust fund deposits held for others):

	Car	rying Amount	Bank Balance
Checking Accounts	\$	344,323	428,963
Money Market Accounts		4,250,981	4,250,981
Certificates of Deposit		2,078,446	2,078,446
Total Bank Deposits		6,673,750	6,758,390
Illinois School District Liquid Asset Fund		10,542,239	10,503,714
IIIT		623	623
Total Cash and Equivalents	\$	17,216,612	17,262,727

The District's bank deposits are required to be covered by federal depository insurance (FDIC) or by securities held by the pledging financial institution. The FDIC currently insures the first \$250,000 of the District's deposits at each financial institution. Deposit balances over \$250,000 are collateralized with securities held by the pledging financial institution. At June 30, 2021, the carrying amount of the District's bank deposits (excluding Custodial fund deposits held for others) was \$6,673,750 and the bank balance was \$6,758,390. At June 30, 2021, (\$6,165,827) of the District's uninsured bank deposits were collateralized by securities held by the pledging financial institution.

The Illinois School District Liquid Asset Fund. The Illinois School District Liquid Asset Fund is an external investment pool sponsored by the Illinois Association of School Boards, the Illinois Association of School Business Officials. PMA Securities, Inc. administers the fund. A thirteen-member Board of Trustees oversees the actions of the Administrator and decides on general policies. The fund invests in high-quality, short-term debt instruments guaranteed by the full faith and credit of the United States, certain U.S. government agency obligations, commercial paper, bank obligations and other obligations permitted by Illinois law. The monies invested in the Illinois School District Liquid Asset Funds are reported at cost which approximates market value.

<u>The Illinois Institutional Investment Trust.</u> The Trust offers its participants the Illinois Portfolio and Illinois Term, both professionally managed portfolios which seek to preserve principal, provide daily liquidity and earn a high level of income, consistent with its objectives of preserving principal.

Notes to Basic Financial Statements For the Year Ended June 30, 2021

NOTE 2: <u>DEPOSITS</u> - (Continued)

The Trust stresses "safety of principal" as the number one objective and the Illinois Portfolio is rated AAAm by Standard and Poor's. Additional fixed income investment products are available through the Investment Advisor to assist Trust participants in seeking to maximize results.

Credit Risk - the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The District's investing activities are managed under the custody of the District Superintendent and Treasurer. Investing is performed in accordance with investment policies adopted by the Board of Education complying with the School Code of Illinois.

Interest Rate Risk - the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The District's procedures provide that to the extent practicable, investments are matched with anticipated cash flows. Concentration of credit risk is the risk of loss attributed to the magnitude of the District's investment in a single issuer.

Concentration Risk - the risk that is a result of the Board placing no limit on the amount that can be invested with any single issuer. The money market accounts and the ISDLAF investments are more than 5 percent of total investments.

NOTE 3: COMMON BANK AND INVESTMENT ACCOUNTS

Separate bank and investment accounts are not maintained for all District funds; instead, cash of certain funds is combined in common bank accounts. The general checking, imprest, money market, and ISDLAF/IIIT accounts are allocated between funds. Individual accounting records are maintained showing the cash balance attributed to each fund. As of June 30, 2021, the funds participating in the common bank account had the following pooled balances (overdrafts):

Fund	Ро	oled Balance
Educational Fund	\$	11,333,592
Operations & Maintenance Fund		1,374,014
Working Cash Fund		1,850,598
Total General Fund		14,558,204
Transportation Fund		1,019,580
Debt Service Fund		1,429,455
IMRF and Social Security Fund		209,373
Total	\$	17,216,612

Notes to Basic Financial Statements For the Year Ended June 30, 2021

NOTE 4: PROPERTY TAXES

On the cash basis of accounting, property taxes are recognized as revenues when they are received. The 2019 levy was passed by the Board on December 10, 2019 in the amount of \$9,977,949, increased by bond and interest levy and decreased by statutory limitations to \$10,624,735, of which \$5,012,007 was collected in the current fiscal year. The 2020 levy was passed by the Board on December 14, 2020 in the amount of \$10,223,166, increased by bond and interest levy to \$10,828,692 of which \$5,256,621 was collected in the current fiscal year. The remainder of the 2020 levy will be collected during the next fiscal year.

The property taxes attach as an enforceable lien on property as of January 1 and are payable in two installments on June 1 and September 1 subsequent to the year of the levy. Taxes are remitted to the District in the month following the due dates.

The following specific levy could result in restricted fund balances:

<u>Special Education</u>. Revenue collected and the related expenses paid from this restricted levy are accounted for in the Educational Fund. A total of \$32,818 was collected and all was spent in the current fiscal year, resulting in no restricted fund balance.

NOTE 5: LEASE AGREEMENTS

A. Facilities Lease

The District is the lessor in an agreement with the Southern Will County Cooperative for Special Education (SOWIC), a related party, for the use of a portion of the south wing of the Wilmington High School. The lease is payable in monthly installments of \$6,500 per month beginning on July 1, 2016 and ending June 30, 2021. SOWIC will also reimburse the District for 10% of all utility costs. For the year ended June 30, 2021, lease revenues and utility reimbursements from this agreement totaled \$111,644, which has been recorded in the General Fund.

B. Farm Lease

The District owns 38 acres of farm land, which it has agreed to lease to an individual at the rate of \$165.35 per acre for the 2020-2023 farming seasons.

Notes to Basic Financial Statements For the Year Ended June 30, 2021

NOTE 6: LEGAL DEBT MARGIN

Legal debt margin is the percent of the District's assessed valuation which is subject to debt limitation. The statutory debt limitation for the District is 13.8%. In addition to the statutory limitation, the District was authorized to issue bonds with an aggregate principal amount not to exceed \$2,285,000 during the year ended June 30, 2011. The District's legal debt margin limitation is as follows for the fiscal year ended June 30, 2021:

Assessed Valuation (2020)	\$ 254,075,369
Statutory Debt Limitation (13.8%)	\$ 35,062,401

Total Debt Applicable to Limitation	 24,607,267
Legal Debt Margin	\$ 10,455,134

NOTE 7: CONTRACT COMMITMENTS

A. Transportation Agreement

The District has a transportation agreement with Illinois Central School Bus, LLC for school bus transportation for the District's students each and every day that school is convened and in accordance with bus routes and schedules as submitted to and provided by the District. The agreement began on July 1, 2020 and ended on June 30, 2021. Under this agreement, the District paid \$1,307,877 for the year ended June 30, 2021.

B. Teachers' Contracts

Teachers' contracts for services rendered during the school year for teachers electing twelvemonth pay schedules are recorded in the fiscal year when such checks are drawn. At June 30, 2021, the total amount of unpaid teachers' contracts for services performed during the year amounted to \$807,430.

NOTE 8: JOINTLY GOVERNED ORGANIZATIONS

The Southern Will County Cooperative for Special Education is a jointly governed organization that was formed for the purpose of providing special education for the handicapped children in the ten-member school districts. The governing board consists of the superintendents of the member school districts. The degree of control exercised by any participating school district is limited to its representation on the governing board. During fiscal year 2021, the District paid \$2,825,327 to the Cooperative. Financial information can be obtained by writing, Southern Will County Cooperative for Special Education 1207 North Larkin Ave, Joliet, IL 60435.

NOTE 11: RETIREMENT FUND COMMITMENTS

A. Teachers' Retirement System of the State of Illinois

General Information about the Plan

Plan Description

The District participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at http://www.trsil.org/financial/cafrs/fy2020; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 678-3675, option 2.

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different from Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

NOTE 11: RETIREMENT FUND COMMITMENTS - (Continued)

A. Teachers' Retirement System of the State of Illinois - (Continued)

Benefits Provided - (Continued)

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2024. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the state of Illinois.

Contributions

The state of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2020, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On Behalf Contributions to TRS – The state of Illinois makes employer pension contributions on behalf of the District. For the year ended June 30, 2021, state of Illinois contributions recognized by the District were \$595,450.

<u>2.2 Formula Contributions</u> – Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2021, were \$33,176.

<u>Federal and Special Trust Fund Contributions</u> – When TRS members are paid from federal and special trust funds administered by the District, there is a statutory requirement for the District to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contributions rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

Notes to Basic Financial Statements For the Year Ended June 30, 2021

NOTE 11: RETIREMENT FUND COMMITMENTS - (Continued)

A. Teachers' Retirement System of the State of Illinois - (Continued)

Contributions - (Continued)

For the year ended June 30, 2021, the employer pension contribution was 10.41 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2021, salaries totaling \$134,512 were paid from federal and special trust funds that required employer contributions of \$14,003.

<u>Employer Retirement Cost Contributions</u> – Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The District is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2021, the District paid \$0 to TRS for employer contributions due on salary increases in excess of 6 percent, \$0 for salary increases in excess of 3 percent, and \$0 for sick leave days granted in excess of the normal annual allotment.

B. Illinois Municipal Retirement Defined Benefit Pension Plan

IMRF Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date). All of the District's employees participate in the Regular Plan.

NOTE 11: RETIREMENT FUND COMMITMENTS - (Continued)

B. Illinois Municipal Retirement Defined Benefit Pension Plan - (Continued)

Benefits Provided - (Continued)

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2020, the following employees were covered by the benefit terms:

Retirees and beneficiaries	56
Inactive, non-retired members	29
Active members	53
Total	138

Contributions

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate and actual District contributions for calendar year 2020 and the fiscal year ended June 30, 2021 are summarized below. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Plan member required contribution rate	4.50%
District required contribution rate for 2020	15.61%
District required contribution rate for 2021	16.21%
District actual contributions for 2020	\$ 283,367
District actual contributions for fiscal year 2021	\$ 286,562

NOTE 12: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

A. Teachers' Health Insurance Security Fund

The District participates in the Teachers' Health Insurance Security (THIS) Fund of the State of Illinois. THIS is a cost-sharing, multiple-employer defined benefit post-employment healthcare plan (OPEB) established by the Illinois legislature for the benefit of eligible retired Illinois public school teachers employed outside the city of Chicago (members). All District employees receiving monthly benefits from the Teachers' Retirement System (TRS) who have at least eight years of creditable service with TRS, the survivor of an annuitant or benefit recipient who had at least eight years of creditable service or a recipient of a monthly disability benefit are eligible to enroll in THIS.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Plan and amendments to the Plan can be made only by legislative action with the Governor's approval. The Plan is administered by the Illinois Department of Central Management Services. The publicly available financial report of the Plan may be found on the website of the Illinois Auditor General. The current reports are listed under "Central Management Services" (http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp).

NOTE 12: POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) - (Continued)

A. Teachers' Health Insurance Security Fund - (Continued)

Benefits Provided. THIS provides medical, prescription, and behavioral health benefits for eligible retirees and their dependents, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan. The premiums charged reflect approximately a 75 percent subsidy for members that elect a managed care plan or elect the Teachers' Choice Health Plan (TCHP) if a managed care plan is either not available or only partially available. Members receive approximately a 50 percent subsidy if they elect the TCHP when a managed care plan is available. Medicare primary dependent beneficiaries enrolled in a managed care plan or in the TCHP when no managed care plan is available receive a premium subsidy.

Contributions. The State Employees Group Insurance Act of 1971 (5 ILCS 375/6) specifies the contribution requirements of the participating school districts and covered employees. For the year ended June 30, 2021, required contributions are as follows:

- Active members contribute 1.24 percent of covered payroll.
- Employers contribute 0.92 percent of covered payroll. The percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year. For the year ended June 30, 2021, the District paid \$52,624 to the THIS Fund, which was 100 percent of the required contribution.
- The State of Illinois makes contributions on behalf of the District. State contributions are intended to match contributions to the THIS Fund from active members. The State contributed 1.24 percent of covered payroll. For the year ended June 30, 2021, State of Illinois contributions on behalf of the District's employees were \$70,928 and the District recognized revenue and expenditures for this on-behalf contribution amount during the year in the General Fund.

NOTE 13: TRANSFERS

During the current fiscal year, the District had the following interfund transfers:

	Transfer In		Transfer Out
Major Governmental Funds			
Education Fund	\$	1,690	-
Bond and Interest Fund		483	-
Working Cash Fund			2,173
Total Transfers	\$	2,173	2,173

This transfer was a permanent transfer from the Working Cash Fund to the Bond and Interest Fund and Education Fund for interest earned in the Working Cash Fund.

NOTE 14: FUND BALANCE - GASB 54 PRESENTATION

According to Government Accounting Standards, fund balances are to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. Below are definitions of the differences and a summary of how these balances are reported.

A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts. Due to the cash basis nature of the District all such items are expensed at the time of purchase, so there is nothing to report for this classification.

B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Restrictions may be imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Debt Service and Special Revenue Funds are by definition restricted for these specified purposes. The District has several revenue sources received within different funds that also fall into these categories:

- Special Education Cash receipts and the related cash disbursements of this
 restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed
 exceeded revenue received for this purpose, resulting in no restricted fund balance.
- Leasing Levy Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Educational Fund and the Operations & Maintenance Fund. No lease property taxes were received during the current fiscal year. However, a restricted fund balance from prior year of \$106,187, increased by interest income to \$106,286 at June 30, 2021, remains in the Operations & Maintenance Fund.

Notes to Basic Financial Statements For the Year Ended June 30, 2021

NOTE 14: <u>FUND BALANCE – GASB 54 PRESENTATION</u> - (Continued)

B. Restricted Fund Balance - Continued

- 3. <u>State Grants</u> Proceeds from state grants and the related expenditures have been included in the Educational, Operations & Maintenance, and Transportation Funds. At June 30, 2021, expenditures disbursed exceeded revenue received from state grants, resulting in no restricted fund balance.
- 4. <u>Federal Grants</u> Proceeds from federal grants and the related expenditures have been included in the Educational, Operations & Maintenance, and Transportation Funds. At June 30, 2021, expenditures disbursed exceeded revenue received from federal grants, resulting in no restricted fund balance.
- Social Security Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Social Security & IMRF Fund. Revenue received exceeded expenditures disbursed for this purpose, resulting in a restricted fund balance of \$191,392.
- IMRF Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Social Security & IMRF Fund. Revenue received exceeded expenditures disbursed for this purpose, resulting in a restricted fund balance of \$17,981.
- 7. <u>Debt Service</u> Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Bond & Interest Fund. Revenue received exceeded expenditures disbursed for this purpose, resulting in a restricted fund balance of \$1,181,032.

C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policy or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Employee contracts for services rendered during the school year for employees electing twelve-month pay schedules are recorded as disbursements in the fiscal year when such checks are drawn. At June 30, 2021, the total amount of unpaid contracts for services performed amounted to \$807,430. This amount is shown as Committed in the Educational Fund.

Building site contributions from Will County and other municipalities have been committed by the Board for the purpose of land or building acquisition and improvement. At June 30, 2021, the District has \$110,956 in unspent building site contributions, which is reported as Committed in the Operations & Maintenance Fund.

Notes to Basic Financial Statements For the Year Ended June 30, 2021

NOTE 14: <u>FUND BALANCE – GASB 54 PRESENTATION</u> - (Continued)

D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the School Board itself or (b) the finance committee or by the Superintendent when the School Board has delegated the authority to assign amounts to be used for specific purposes. The District's Transportation Fund has a fund balance of \$1,019,580 which is assigned for the purpose of purchasing/leasing buses for student transportation. The Bond & Interest Fund has an assigned fund balance of \$248,423, which consists of Federal Impact Aid funds the District has assigned for the repayment of principal and interest in future years. The General Fund has an assigned fund balance of \$335,819, which consists of student activity funds.

E. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds.

F. Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, next assigned balances, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

NOTE 15: RISK MANAGEMENT, CLAIMS, AND JUDGMENTS

The District's risk management activities are recorded in the Educational Fund and Operations & Maintenance Fund. No liability has been recorded in the books for future expenses related to risk management; these expenses are reported as the expenditures are made. Funds were not levied for tort during the fiscal year ending June 30, 2021.

The District is exposed to various risks of loss related to torts; thefts of, damage to and destruction of assets: errors and omissions and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year. Claims have not exceeded coverage in the prior three years.

NOTE 16: TAX ABATEMENTS

The District enters into property tax abatement agreements with businesses under state statute (ILCS 200/18-165). Under the statute, any taxing district, upon a majority vote of its governing authority, may, after the determination of the assessed valuation of its property, order the clerk of that county to abate any portion of its taxes on the following; commercial and industrial property, horse racing, auto racing, academic or research institute, housing for older persons, historical society, recreational facilities, relocated corporate headquarters, United States Military Public/Private Residential Developments, property located in qualified business corridor.

Notes to Basic Financial Statements For the Year Ended June 30, 2021

NOTE 16: TAX ABATEMENTS - (Continued)

For the fiscal year ended June 30, 2021, the District abated property taxes totaling \$75,430 from the 2020 tax levy and \$114,009 from the 2019 tax levy. The abatements included the following agreements that exceeded 10 percent of the total amount abated:

Tax Year 2020

The District had a 36 percent property tax abatement to Illinois Transport for maintaining its location at 20012 W. Arsenal Rd., Wilmington, IL 60481. The abatement amounted to \$36,550, or 48 percent of the total taxes abated by the District for the tax year.

The District had a 30 percent property tax abatement to U.S. Cold Storage for maintaining its location at 800 E. Kankakee River Dr., Wilmington, IL 60481. The abatement amounted to \$38,880, or 52 percent of the total taxes abated by the District for the tax year.

Tax Year 2019

The District had a 36 percent property tax abatement to Illinois Transport for maintaining its location at 20012 W. Arsenal Rd., Wilmington, IL 60481. The abatement amounted to \$36,454, or 32 percent of the total taxes abated by the District for the tax year.

The District had a 30 percent property tax abatement to U.S. Cold Storage for maintaining its location at 800 E. Kankakee River Dr., Wilmington, IL 60481. The abatement amounted to \$77,556, or 78 percent of the total taxes abated by the District for the tax year.

NOTE 17: CONTINGENCIES

Grant Revenues

The School District has received funding from state and federal grants which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the granting agencies. Any disallowed claims resulting from such audits could become a liability of the District. In the opinion of the District, any such disallowed claims will not have a material adverse effect on the overall financial position of the District.

NOTE 18: SUBSEQUENT EVENTS

Notes to Other Information For the Year Ended June 30, 2021

NOTE 1: BUDGETARY BASIS OF ACCOUNTING

The District's budget for all governmental funds is prepared using the cash basis of accounting (Non-GAAP) which is the same basis used in preparation of the fund financial statements. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 122, Paragraph 17.1 of the <u>Illinois Revised Statutes</u>.

For each fund, total fund expenses paid may not legally exceed the budgeted amounts. The budget lapses at the end of the fiscal year. The District follows these procedures in establishing the budgetary data reflected in the financial statements:

Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures and the means of financing them. The proposed operating budget is placed on file and a public hearing is held to obtain comments from the community.

Prior to October 1, the budget is legally adopted by the Board of Education through passage of a resolution. Formal budgetary integration is employed as a management control device at the function/object level during the year.

The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10 percent of the total of such fund as set forth in the budget.

The Board of Education may amend the budget (in other ways) by performing the same procedures required of its original adoption.

The budget was passed on September 14, 2020 and was amended on June 14, 2021.

NOTE 2: BUDGETARY COMPARISONS

The table below compares each fund's actual revenues received and expenditures disbursed during the current fiscal year with the budgeted amounts passed by the Board of Education:

Notes to Schedule:

Valuation Date:

Notes Actuarially determined contribution rates are calculated as of December 31 each year,

which is 12 months prior to the beginning of the fiscal year in which contributions are

reported.

Methods and Assumptions used to Determine 2020 Contribution Rate:

Actuarial Cost Method Aggregate Entry Age Normal

Amortization Method Level Percentage of Payroll, Closed

Remaining Amortization Period Non-Taxing bodies: 10-year rolling period.

Taxing bodies (Regular, SLEP, and ECO groups): 23-year closed period

Early Retirement Incentive Plan liabilities: a period up to 10 years selected by the Employer

upon adoption of ERI.

SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 18 years for most employers (three employers were financed over 27 years and four others were

financed over 28 years).

Asset Valuation Method 5-Year smoothed market; 20% corridor

Wage Growth 3.25%

Price Inflation 2.50%

Salary Increases 3.35% to 14.25% including inflation

Investment Rate of Return 7.25%

Retirement Age Experience-based table of rates that are specific to the type of eligibility condition. Last

updated for the 2017 valuation pursuant to an experience study for the period 2014-2016.

Mortality For non-disabled retirees, an IMRF specific mortality table was used with fully generational

projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Employee

Mortality Table with adjustments to match current IMRF experience.

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Education
Wilmington Community Unit School
District 209U
Wilmington, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Wilmington Community Unit School District 209U, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise Wilmington Community Unit School District 209U's basic financial statements, and have issued our report thereon dated September 13, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Wilmington Community Unit School District 209U's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Wilmington Community Unit School District 209U's internal control. Accordingly, we do not express an opinion on the effectiveness of Wilmington Community Unit School District 209U's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

We noted certain matters that we reported to management of Wilmington Community Unit School District 209U in a separate letter dated September 13, 2021.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Wilmington Community Unit School District 209U's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance with Requirements for Each Major Program and On Internal Control Over Compliance Required by the Uniform Guidance

To the Board of Education
Wilmington Community Unit School
District 209U
Wilmington, Illinois

Report on Compliance for Each Major Federal Program

We have audited Wilmington Community Unit School District 209U's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Wilmington Community Unit School District 209U's major federal programs for the year ended June 30, 2021. Wilmington Community Unit School District 209U's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Wilmington Community Unit School District 209U's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Wilmington Community Unit School District 209U's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Wilmington Community Unit School District 209U's compliance.

Opinion on Each Major Federal Program

In our opinion, Wilmington Community Unit School District 209U complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Other Matters

The results of our auditing procedures disclosed no instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance.

Report on Internal Control Over Compliance

Management of Wilmington Community Unit School District 209U, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Wilmington Community Unit School District 209U's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Wilmington Community Unit School District 209U's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
